WRCA-1330 - 1 Kendall Square, #1400 - Cambridge, MA 02139 will conduct a DX test between 1:30 and 2:00 am EDT Monday, Oct. 25. The test will include Morse code and tones. Reception reports may be sent to Mr. Grady Moates, Chief Engineer. Arranged by J. D. Stephens for the IRCA CPC.

KATL-770 - P.O. Box 700 - Miles City, MT 59301-0700 will conduct a DX test with 10 kW between 3:30 and 4:00 am EDT Monday, October 25, 1993. The test will include Morse code ID's. Reception reports may be sent to Mr. Donald L. Richard, General Manager. Arranged by J. D. Stephens for the IRCA CPC.

From the Publisher ... "AM Switch" will return next week, and DDXD now has two regions (see page two for details).

NRCcon '94 is official: Nashua, NH, the home of Bruce Conti, who will serve as one of the hosts for the convention.

Organizations and GTG's ... Rick Dau is reactivating "DX Mid-America" after a lapse of five years. The grand return will be kicked off by a GTG at the Best Western Midway Hotel in Dubuque, IA (reservations: [800]528-1234) on the weekend of Oct. 30-31. Starting around noon Saturday, refreshments will be provided, and Rick requests an RSVP if you plan to attend. As for DXMA, he says there will be no membership fees at first until the bulletin can publish the same columns as it once did.

Ray and Arlene Arruda will again host the 16th annual Thanksgiving GTG in "The Lower Deck", 47 Burt St. - Acushnet, MA at noon on Saturday, November 20.

Canadian elections...Shaun Axelrod sends these DX tips concerning the October 25 election north of the 49th parallel: "Many stations will begin giving time [on Oct. 25] to local results and extended newscasts. Results cannot be given out until the polls close at 20:00 hours local time. That means the Mountain Time Zone people find out who won the minute results come in. This is a bit different than the U.S. system where results go across the country even if people are still voting. Also, the CBC MUST carry commercials for the political parties; this is the only time you will hear commercials on the CBC, so go for it during the campaign." Thanks for the tip, Shaun.

Welcome to these new members: Richard W. Doyle, Glendale, AZ; Matthew Maxon, Sunland, CA; George W. Smith, Decherd, TN; Albert V. Prete, West Islip, NY; Rob Harrington, Denver, CO (rejoins); Clarence F. Temple, Gadsden, AL; Daniel C. Emerick, Jr., Pittsburgh, PA; Ken Brookner N5LPI, Granbury, TX; Rick Robinson KF4AR, Charlotte, NC; and John Hanz, Old Bridge, NJ. And in renewing, Hank Holbrook, Dunkirk, MD, writes: "Started listening in about 1943 - Found out about QSL's in 1946 and joined the NRC in early 1947. With great pleasure on 2,878 BCB QSL's later I renew my membership. GO NRC!!" You said it all, Hank!

DX Time Machine

From the pages of DX News:

50 years ago ... from the Oct. 16, 1943 DXN: Pvt. Len Kruse with the 2nd Signal Training Battalion at Camp Kohler, CA reported hearing his first Alaskan, KINY-1460, and his first Hawaiian stations, KTOH-1490 and KGMB-590. He needed only 6 of the total 59 Californian stations to complete the state.

25 years ago ... from the October 19, 1964 DXN: Twelve NRC'ers writing to Ernie Cooper's "Musings" column expressed support for the proposed NRC/IRCA merger.

10 years ago ... from the October 17, 1983 DXN: Eric Bueneman's "Bandscan" column featured Dr. Richard E. Wood's scan from Labrador, Tom Fitzherbert's scan in Rhode Island, and Ron Musco's scan from Poquonock, CT.

Thanks to Duncan Shaw for serving as DDXD-S editor; Duncan has resigned to pursue other interests. Please note the new line of demarcation for deciding to which editor you'll send your loggings. If you live in the Pacific, Mountain, or Central Time Zones, please submit your loggings to Bill Hale; if you live in the Eastern or Atlantic Time Zones, please submit them to Dave Braun.

DDXD-W

MEDIUM WAVE RAMBLINGS

- A hearty DDXD Welcome is in order for first-time reporter Shane Worth of McCutchenville, Ohio. Good report, Shane. I'll call you on your threat that this report won't be your last, hi. Can't locate your town, though. And . . . good to hear from everyone else. Keep those cards and letters and loggings a-comin'!
- From a magazine called **Home Business** comes this list of affiliates of the **Business Radio Network**. I have corrected a few cities (of license vs what they want you to believe) and updated a call letter or two: 580 KFXD Nampa, ID; 630 WLAP Lexington, KY; 710 KGNC Amarillo, TX; 800 WLAD Danbury, CT; 970 KSTL Alexandria, LA; 1050 WPBS Conyers, GA; 1150 KEZX Seattle, WA; 1230 KKPC Colorado Springs, CO; 1230 KMGR Murray, UT; 1230 KSBN Spokane, WA; 1240 KSMA Santa Maria, CA; 1270 WMKT Charlevoix, MI; 1280 WTMY Sarasota, FL; 1400 WWWS Buffalo, NY; *1410 WENI Nashville, TN*; 1410 KBPN Portland, OR; 1430 WWGS Tifton, GA; 1440 WLZP Westbrook, ME; 1450 WPSE Erie, PA; 1490 WSTP Salisbury, NC; 1490 WPCI Greenville, SC; 1510 KFNN Mesa, AZ; 1550 WVAB Virginia Beach, VA; 1580 WPGC Morningside, MD. The *1410* in Nashville just didn't compute any which way, but passed it along anyway. I don't claim this list is complete, or can I vouch for its accuracy.
- Here's a trivia question to ponder. What was the first licensed AM directional antenna facility in the U.S.? Answer next week.
- Three more reporters confirmed the 530 in Turks & Caicos as the unID of a few issues back, so we won't press that one any more.
- Remember to keep your reports in a format similar to what you see here, divided into the proper time periods or special areas and in frequency order with all the information for each logging. And keep in mind, what we want is REAL DX, not every night loggings. Unless you hear something out of the ordinary from a station, when it goes in SPECIAL. And try to keep your reports on regular, white paper! Red is out of the question. Deadlines are Saturdays.

SPECIAL

560 WHND MI Monroe - Detroit - 9/21 - Sked is now 0600-2400 (ex: 2200 sign-off). In spite of the extra hours, they fired over half of the air talent, keeping only three. 0600-0900 and 2100-2400, plus weekends are from SMN's *Kool Gold*. Slogans are *Good Times and the Greatest Hits of the 50s and early 60s*. However, no mention is ever made of *Kool Gold*. The Sunday 1800-1900 car talk show also remains. [This report goes on, but its length is prohibitive for this column - Ed.] (JL-OH)

710 WHB MO Kansas City - 10/1 1900 - My favorite oldies station is now *Missouri's Farm Voice*. I'm talking ads *John Deere* and *Brush Hogs* interspersed with C&W, old and new. Rumor has it that all who were involved in the format change were sent to a home. (RS-MO)

790 KGHL MT Billings - has dumped C&W format in favor of News-Talk-Sports and IDs as *AM 79 KGHL Billings*. CBS News at :00. So far, no catchy slogan. This makes the 2nd news-talk station in market (KBLG the other). (JJ-MT)

880 WINU IL Highland - Per sign-off, powers are 1750/160 U3 and hours are 0700-2300 ELT. (EB-MO)

1230 KEEE TX Nacogdoches - 9/22 1639 - Running tape loop inviting listeners to tune to KSFA 860 for KEEE's old talk programs, and promoting an upcoming new format for KEEE. (DS-TX1)

1490 KYZS TX Tyler - 9/22 1820 - Relaying *Region 56* news from KETK-TV. (DS-TX2)

1570 CFOR ON Orillia - Now relaying new FM station CICX - 105.9 with C&W music and *Kicks 106* slogan. First noted here 9/9 with C&W music, a promo for *Blue Jays* baseball, then *Here's Charlie Major on the new Kicks FM*. They reportedly will go silent after three months of simulcasting. Sister station CKMP-1230 Midland is also going to be replaced by an FMer, but I'm not sure of the date, or if the FM is even on. (MS-ON) [The new Log has CFOR already gone, but according to this report, you've still got until about the first part of December to bag it - Ed.]

WISR 680 RADIO
SUTLIE, PA 16001
(412) 283-1500

UNIDs and UNID HELP

530 UNID ?? - Someone with alternative/modern rock. Probably CIAO - do they carry any rock programs? R. Visión off. (DS-TN)

1290 KKAR NE Omaha - 8/11 0635 - FM is KXKT - 103.7, licensed to Atlantic, Iowa. My understanding is that this simulcast lasted only a few weeks. (DS-TN) Also verified by Mike Hawk of Omaha who sez that the switch is on . . . meaning 1290 is now KKAR and News/Talk.

DX AND EQUIPMENT TESTS

1270 WJJC GA Commerce - 9/25 0330-0417 - Way under WKBF/WXYT/WCBC mess with frequent code periods. Nicely atop 0359-0403 with three VIDs between instrumental versions of *Flowers On The Wall* and *Gonna Fly Now*. Otherwise incredibly weak. (SF-TN)

WJJC GA Commerce - 9/25 0330-0400 - Heard raspy CIDs over five other stations and a low rumbling het. Came up strong for last few minutes with song *My Man* ⇒ SID ⇒ VID *WJJC Radio, your station for community service since 1957* ⇒ instrumental of *Flowers On The Wall*. Fair ⇒ good ⇒ excellent. (JL-OH)

KGNM MO St. Joseph - 9/27 0100 - Nothing heard. (FA-ID)

WQKR TN Portland - 9/27 0115 - Fair to poor, but cutting through WKBF/KWEB with Morse code IDs. (EB-MO)

WQKR TN Portland - 9/27 0015-0300 - Good with 15-second cycle of two CIDs with quick *WQKR Portland* in between. CIDs much better modulated than VIDs. This heard at 0015, 0024, 0033, 0045, 0055, 0100, 0115, 0124, 0133, 0145, 0154, 0200, 0215, 0224, 0233, 0244, 0254 and 0300. Pattern of ID times would possibly indicate they were hitting the day power button during breaks in some kind of satellite feed. Either that or OC, as there was no sign of them between IDs. Been after this one for a decade. Thanks CPC! (SF-TN)

TN Portland - 9/27 0000-0003 and 0230-0300 - Extremely faint CIDs at 0015. One kHz TT at 0019-0030. More CIDs at 0244 and 0300. Very weak under WXYT. (JL-OH)

WQKR TN Portland - 9/27 Midnight - Nothing heard. KTFI dominant. (FA-ID)

1460 WCEI MD Easton - 9/5 0230 - Nothing heard. KCKX and KMWX fighting it out. (FA-ID)

1530 WCBG MA Middleboro - 9/6 0130 - Nothing heard. KFBK dominant. (FA-ID)

1560 WSEZ IN Paoli - 9/5 0130-0140 - DX Test not heard. Just WQEWS. (MS-ON) Nothing heard. KNZR dominant. (FA-ID)

1580 WEAM GA Columbus - 9/19 0030-0100 - Nothing heard. KCWW dominant. (FA-ID) Not heard. (JL-OH)

WVKO OH Columbus - 9/25 0030-0100 - Fair at 0054 under WPGC and off-pattern WSRF with usual live UC format. Nothing resembling a test noted. (SF-TN)

WVKO OH Columbus - 9/25 0330 - Nothing heard. (FA-ID) Not heard. (JL-OH)

1590 WASB NY Rockport - 9/5 0430 - Nothing heard. KZOK dominant. (FA-ID)

WSAJ

GROVE CITY COLLEGE

MIDNIGHT TO 0800 HOURS ELT

50 CBK SK Regina - 9/28 0010 - Fair with news that the Blue Jays clinched the pennant and weather for Saskatchewan cities. WYLO QRM. (TR-IL)

550 WLWA OH Cincinnati - 9/25 0330 - Good with ID ⇒ Dr. Joy Brown. KUSA not in tonight. (MB-IN)

690 CBF PQ Montreal - 9/23 0140 - Good with CLA music. (TR-IL)

720 WGN IL Chicago - 9/27 0732 - There for a minute with weather mentioning *Midway* and *O'Hare* temperatures. KDWN's MM SP. [Ed.-ID]

790 WTAR VA Norfolk - 9/23 0106 - Poor with ad for Norfolk Industrial Park, ID. (TR-IL)

KJRB WA Spokane - 9/19 0755 - Good signal with ad for a jewelry store chain, mentioning a Coeur d'Alene store. Auto racing report and ID *The Talk of Spokane, AM 790 KJRB*. 1st-timer. (BW-MB2)

900 CHML ON Hamilton - 9/23 0137 - Fair with light rock oldies. (TR-IL)

920 WGNU IL Granite City - 9/10 0500 - Good in WAFS null with WGNU Granite City - St. Louis, 920 on your AM dial. #35 on 920. (SF-TN)

WIRD NY Lake Placid - 9/16 0500 - Over CFIS and in WAFS' null with . . . on *Adirondack Radio*, WIRD Lake Placid. Huge surprise as Northern NY is non-existent here! (SF-TN)

990 CBW MB Winnipeg - 9/23 0107 - Poor with CLA music. WLUP splash. (TR-IL)

CBW MB Winnipeg - 9/28 Midnight - Fair with news and weather. Frost for Winterpeg & Churchill. +1° tomorrow. WLUP splash. (TR-IL)

1010 WORM TN Savannah - 9/27 0352 - Good to fair with CFRB/WINS/KBIS with oldies, *101 The Worm* ID. Mention of *105.5 FM* in Selmer, TN. (EB-MO)

CFRB ON Toronto - 9/23 0109 - With ad for Noble Hill Farms. Poor with WLUP splash. (TR-IL)

1070 WIBC IN Indianapolis - 9/23 0111 - Fair with replay of Rush Limbaugh. (TR-IL)

WDIA TN Memphis - 9/21 0225 - Good to fair with intermittent \$ over WIBC/KNX with black AC, CLs and local ads. (EB-MO)

1230 KWAS MO Joplin - 9/21 0415 - Good atop mess with Unistar NOS/AC | WRTH-1430. Frequent *AM 1230 K-Was* IDs. St. Louis Cardinals promo at 0445. (EB-MO)

1250 WTAE PA Pittsburgh - 9/23 0055 - Poor with Jim Bohannon Show. (TR-IL)
[This is correct frequency for WTAE, Tom - Ed.]

WEMP WI Milwaukee - 9/27 0302 - Good with good-to-fair \$ over WREN with oldies, *Good times, great oldies* on *AM 1250 WEMP*, *The Oldies Station* ID. Frequent mentions of *AM 1250 WEMP*. Local-like at times. (EB-MO)

1370 WZAO WV Moundsville - 9/18 0559 - Good with sign-on mentioning *Wheeling Avenue* as street and *Glen Dale* as city. Used slogans *Best Praise and Worship Radio* and *Praise Radio*. (MS-ON)

1550 KAPL CA Apple Valley - 9/28 0656 - Up from jumble with Elvis singing *Butterfly*. Brief comment by DJ and ID *Fifteen-Fifty KAPL*. (JB-TX) [Jim, unless it was an obscure recording by Elvis, the artist singing *Butterfly* was either *Charlie Gracie* or *Andy Williams*, who both had that song out in 1957 - Ed.]

KCOM TX Comanche - 9/28 0701 - SSB followed by call & city with usual FCC Authorization. This 250-watter dominated frequency for up to five minutes intermittently 'til about 0745. (JB-TX)

1540 KXEL IA Waterloo - 9/22 0100 - Good signal with several IDs and C&W. (FA-ID)

0800 TO 1600 HOURS ELT

600 WMT 1A Cedar Rapids - 9/23 0853 - Fair with weather report. (TR-IL)

700 WLW OH Cincinnati - 9/23 0851 - Fair with talk about minor league baseball. (TR-IL)

800 CKLW ON Windsor - 9/23 0817 - Good with promo for Windsor Spitfires coverage, weather forecast. (TR-IL)

840 WHAS KY Louisville - 9/23 0819 - Fair to good with promo for U of K basketball, traffic. (TR-IL)

980 WONE OH Dayton - 9/23 0821 - Fair with birthday list. (TR-IL)

1040 WHO IA Des Moines - 9/23 0822 - Fair with news update. (TR-IL)

1170 KVOO OK Tulsa - 9/22 1430 - Weak with XE QRM. C&W music and CLs. (DS-TX3)

1200 WOAI TX San Antonio - 9/22 1430 - Good with talk, ID. (DS-TX3)

14 Country WVRC

1600 TO 2400 HOURS ELT

620 WHJB PA Greensburg - 9/10 2158 - Good with instrumental music, ID at 2200, then into news. (MS-ON)

660 WFAN NY New York - 9/23 1930 - Clear with WFAN New York and calling it *The Fan* with sports talk. New here. (SW-OH)

680 CHFAT AB Edmonton - 9/19 2100 - In FF under CJOB & KFEQ. CBC theme music at :00. (BW-MB2)

730 WFMV KY Madisonville - 9/24 1945 - Fair with local football game, ID. (MB-IN)

840 WHAS KY Louisville - 9/23 2115 - Clear with CLs during talk show about Dr. Dre [sic - Ed.] and guns. New logging. (SW-OH)

970 WAVG KY Louisville - 9/21 2000 - Good with legal ID ⇒ CBS News ⇒ oldies. (MB-IN)

1000 WLUP IL Chicago - 9/10 2013 - Clear with CLs and a Fox ad. (SW-OH)

1030 WBZ MA Boston - 9/10 2004 - Clear with CLs, news and traffic. (SW-OH)

1060 WPMX MS Tupelo - 9/26 2337 - Good to fair with a promotion for a site at which to registration for NAACP membership. *93 Jams* slogan. Only 2nd logging ever. (TR-IL)

KYW 1080 WDIX PA Philadelphia - 9/10 2001 - Clear with CLs and news. (SW-OH)

KY Louisville - 9/10 2016 - Clear with CLs by woman DJ. Popular rock/T40. New. (SW-OH)

1110 WBT NC Charlotte - 9/10 2019 - Clear with CLs in talk show. (SW-OH)

1120 KMOX MO St. Louis - 9/23 2007 - Clear with CLs, then to news. (SW-OH)

1130 WBBR NY New York - 9/10 2056 - Weak with CLs, then to silence. (SW-OH)

1140 WRVA VA Richmond - 9/10 2000 - Clear with CLs during intermission of auto racing at Richmond. (SW-OH)

1190 WECC GA St. Marys - 9/22 1932 - Fair under WOWO with sign-off mentioning gospel format, then address and phone # as in Log. (SF-TN)

1200 WCHB 1200 WOAI MI Taylor - 9/23 1851 - Some fade but clear CLs. New logging. (SW-OH)

TX San Antonio - 9/26 2327 - Good with *Clear Channel Communications* slogan. (TR-IL)

1210 WOGL PA Philadelphia - 9/23 1856 - Clear with WOGL AM & FM and *Oldies 1210*. (SW-OH)

1220 WKNR OH Cleveland - 9/23 1900 - Clear with CLs and *Sportsradio WKNR* ⇒ news. Under WCWA Toledo. New logging. (SW-OH)

1260 WNDE IN Indianapolis - 9/10 1956 - Clear with CLs, then to sports. New. (SW-OH)

1280 WMCP TN Columbia - 9/23 1800 - Fair in mess with WTVF Newschannel 5 news. (DS-MO)

1340 WSOY IL Decatur - 9/21 1930 - Fair with IDs ⇒ Chicago Cubs baseball. 1st-timer. (MB-IN)

1370 KGGY TX Rollingwood - 9/23 2100 - Fair under WSPD with . . . *Rollingwood - Austin, KGFI-FM Luling - Austin*. *Another hour of the best and most oldies* on *Froggy 94* ⇒ *Crocodile Rock* (they must really like reptiles, hi). (SF-TN)

1380 WPHM MI Port Huron - 9/10 2058 - Poor ⇒ fair, mixing with semi-local CKPC & others, with ad for Chalet Fireplace Shop in Port Huron, a promo for sports coverage, and football. (MS-ON)

1400 KBRB NE Ainsworth - 9/10 2325 - With contest to guess Bobby Goldsboro's age, and ID. (BW-MB2)

KLIN NE Lincoln - 9/19 2000 - Tuned away from 1390 and just as I hit 1400 KLIN (Ded with New home of static) football. Easy way to get a new station. (BW-MB2)

WRAK PA Williamsport - 9/17 1857 - Poor, on top briefly, with promo for a WRAK talk show. (MS-ON)

1410 WLVV AL Mobile - 9/26 2346 - Fair to poor with gospel music, a request for donations, ad for a black play, and This is the power of AM radio, 14/10 WLVV Mobile legal ID. (TR-IL)

1430 WNFO SC Ridgeland - 9/20 2207 - Poor under WCKN with TIS-style format of continuous promos for Hilton Head Island area and, surprisingly, mentions of CLs every minute or two. Complete's SC's AM counties for me. (SF-TN)

1490 WNJT PA Johnstown - 9/5 2100 - Poor with promo for ... news and information here on WNJT, Johnstown. (MS-ON)

WNBT PA Wellsboro - 9/3 1855 - Fair with USAF recruiting PSA. Simulcast of FM with ID as 104.5 WNBT. (MS-ON)

1510 WLAC TN Nashville - 9/10 2044 - Clear with sports, then CLs. (SW-OH)

1550 KUAT AZ Tucson - 9/20 2100 - Good pre-sunset signal with All Things Considered. (FA-ID)

KAPL CA Apple Valley - 9/20 Midnight - Strong signal with Rock and roll for the High Desert. (FA-ID)

KXTO NV Reno - 9/19 2300 - With SS. Heard brief ad in EE. Usually equal to KKHI. (FA-ID)

KRGQ UT Granger - 9/20 Midnight - Came up under KAPL for a few seconds. (FA-ID)

1570 CFEZ AB Taber - 9/17 2300 - With C&W. Dominant over KCVR. (FA-ID)

1580 KCWW AZ Tempe - 9/16 2200 - With Country Classics. Dominant most of the time. (FA-ID)

1590 KLIV CA San Jose - 9/15 2300 - With Headline News. Seems to remain dominant until late evening when KZOK begins to override. (FA-ID)

1600 KUBA CA Yuba City - 9/14 Midnight - With slogan News leader. Under KGST most of the time. (FA-ID)

KRXV CO Lakewood - 9/14 2300 - Came up over KGST for ID Lakewood/Denver. (FA-ID)

NRC Letter Opener

\$2.25 each;
2 for \$3.95

Sturdy yellow plastic ... opens letters, cuts string, poly bags, package wrapping, and more! Order from NRC Publications
- NY orders, please add sales tax.

Join the verification game!

You can help out with station tests. Here's how: Send Jeff Tynan - 10359 Severance Dr. - Parker, CO 80134-9104 52¢ stamps per station, and the NRC CPC will print and mail an effective test request letter for you. Stamps and donations are appreciated, too! Be sure to specify station and time. Increase your veries and help other NRC'ers at the same time ... join the verification game!

DDXD-E

NEWS AND VIEWS

Sorry about no column in last week's issue, a work related conference had me out of town for a week. All of the loggings that have been received through October 2 are included this time.

Still more logs of the Fort Lauderdale station on 1580 with only **FM** IDs, and Dave Schmidt provides some info on TIS stations in Delaware that were mentioned in a recent column. Overall it seems that conditions are bringing some good logs in September - let's hope it's a sign of the season to come!

SPECIAL

920 WMEL **FL Melbourne** - 9/26 0000 - Good with "You're listening to classic talk radio WMEL, Melbourne". Probably my UNID of 9/4. (JK-VA) (Station back on the air after being silent since 12/90! - db)

1080 WEEP **PA Pittsburgh** - 9/25 2000+ - On many nights (all night!) with daytime power and strong dead carrier with FM station music "bleedthrough" and crackling noises over WTIC; sometimes plays normal CW programming with "WEEP" IDs, etc. (JK-VA)

1180 WHJM **TN Knoxville** - 9/5 0136+ - Doing well in WHAM null with 1 watt? and *The Cathedral* religious program. At 0200 heard "Tennessee's most powerful gospel radio station, 10,000 watts on 1180, WHJM, Knoxville", then USA Radio News. I think that the station cannot understand their new CP, that's 1 watt not 10 kw! They very well may have been on 1 watt since Knoxville is not too far from here. Also noted 9/19 0125 over/under WHAM/Radio Taino with mentions of *The National Quartet Convention* and GOS/REL programming, "...call 615-737-4849", and southern gospel promos, "Share the Joy". (JK-VA) (New CP on? - db)

1550 WRDM **CT Bloomfield** - Address: 886 Maple Avenue, Hartford, 06114. Phone: 203-956-1303. v/s: Lucio Ruzzier, President. Sked: 24 hrs. Format: Spanish, Italian, some religion to 12/93. Power: U4 5000/2550. Chief Engineer: John Ramsey (ex-NRC). (RM-CT)

DX TESTS

1270 WJJC **GA Commerce** - 9/25 0030-0100 - Thought test was on Sunday morning by mistake. (JK-VA)

1460 WCEI **MD Easton** - 9/5 0230-0300 - Not heard, only weak NOS and CNN news UNIDs. May have heard weak code at 0231. (JK-VA) (Per Vol. 60, No. 30 this test did not run, so I was going to leave out the reference to code, but the October 2 issue of IRCA's *DX Monitor* includes two logs of possible code during this test time, at 0230 and 0240, both from Manitoba. So even though it may not have been WCEI, who could it have been? - db)

1530 WCEG **MA Middleboro** - 9/6 0130-0200 - Not heard, only very loud WCKY. (JK-VA)

1560 WSEZ **IN Paoli** - 9/5 0130-0200 - Not heard, only "24 hours a day WPAD". (JK-VA)

1580 WEAM **GA Columbus** - 9/25 0030-0100 - Not heard; mostly loud WSRF with CBJ following closely in second place, usual WPGC back in third, WVKO last. (JK-VA)

1580 WVKO **OH Columbus** - 9/25 0030-0100 - Thought test was on Sunday morning by mistake. (JK-VA)

1590 WASB **NY Brockport** - 9/5 0430-0500 - Not heard, just a loud "...degrees at News Talk Radio 1590 WAKR". (JK-VA)

UNID AND UNID HELP

680 UNID 9/5 0228 - CW in with mentions of "The First National Bank", "Plumbing services 795-2000", "Bodyguard Personal Alarm", and "94" or "94.7 FM". Who simulcasts on 680 these days? (JK-VA) (Last year's *AM Log* shows WEZI-TN relaying 94.1 FM, but the new *Log* shows it as WOGY relaying 104.5 "The River" - db)

920 UNID 9/4 0832 - Mentions of Titusville, CNN news. Is this the long lost "Ye Old Sun Dodger" WMMN running all news? Also in on 9/5 at 0312. (JK-VA) (WMMN does run CNN now - see also Jeff's log of 9/26 in Special - db)

990 WCNN? 9/22 2126 - Rock music and several '96 WCNN IDs, weather at 2133. Don't have this listed in my FM logbook. (JB-MA) (Probably WCMF-Rochester, NY? - db)

1000 UNID 9/4 0800 - "The Valley's best...and rock...106 FM WTOK(?)" FM Atlas was no help. Is this a PA station? Maybe I heard a "K" instead of a "W"? (JK-VA) (My guess would be WTAK, Huntsville AL, which is AOR, but no FM shown - db)

1120 UNID 9/5 2020-2035 - Man in SS doing a religious program, SS/REL songs at 2024 then back into talk. Fair but alone and steady. (JB-MA) (WUST-DC with new CP on - db)

1250 UNID 8/31 0315 - NOS heard with usual WTAE absent. Maybe this is WDVA? (JK-VA) (Depending on conditions at the time, probably either WMTR-NJ or CHWO-ON. I was getting a lot of Canadians and New England's during late August - db)

1370 WWPA? 9/14 0607 - CW music then weather report at 0610 including sea water temperature, tide info and mention of tides in the Little River. In very strong briefly. (JB-CT)

1390 WIRC? 9/20 0605-0612 - News and sports with mentions of "Phillies baseball returns tonight on WIRC". Then ad for *Washington Area Cadillac Dealers*. (JB-CT) (Probably WRSC-State College, PA, although the Washington area reference doesn't fit unless it was WMZQ breaking through - see next UNID item - db)

1390 UNID 9/20 0620 - CW music then ID as "98.7 WNBQ". Too many other stations for any more info. (JB-CT) (WMZQ-VA, with FM 98.7-WMZQ - db)

1590 WEBR **NY ??** - 9/24 0612-0618 - End of oldies song, then ads and station promo for free tickets to Buffalo Bills football game. Fair to good. (JB-CT)

0000 to 0800 ELT

860 WBGR **MD Baltimore** - 9/5 0308 - Doing good with 60 watts in CJBC null, and UC/GOS "WBGR Baltimore" ID. (JK-VA)

920 WHJJ **RI Providence** - 9/13 0000 - ID and news, alone. (JEK-MD)

WHJJ **RI Providence** - 9/20 0200 - Fair with ID into NBC news, rare on night pattern. (DS-DE)

930 WKCTt **KY Bowling Green** - 8/31 0501 - In with NOS and mentions of the "Tri-State", "70 years of service" and thought I heard "WKCT" IDs. (JK-VA)

WBEN **NY Buffalo** - 8/31 0353 - In mostly under WRRF with sports and "WBEN" IDs. Very rare here unlike nightly WGR. (JK-VA)

WRRF **NC Washington** - 8/31 0351 - In loud at times on emergency authorization power with hurricane warnings and PSAs, ROK/AC and "Full service radio WRRF and WDLX 93.3 FM Washington-Greenville-New Bern-Jacksonville", over WBEN/WYFQ. New here. (JK-VA) (Was this a simulcast just for the emergency, or is this a regular item now? - db)

1110 CKTY **ON Sarnia** - 8/31 0125+ - Loud, way over the top of semi-local WBT with CW and "Country 1110 CKTY" (HI Dave Evans). (JK-VA)

1220 WKNR **OH Cleveland** - 9/26 0145 - On and off, with dead carrier at times, leaving SS UNIDs (XEB/CMDM?) in the clear. (JK-VA)

1250 CHWO **ON Oakville** - 9/7 0607 - Weather forecast then "CHWO" ID and into NOS music. Good over others. (JB-CT)

1260 CIHI **NB Fredericton** - 9/27 0601 - Atop with good signal, "See-Hi" ID, news. (DS-DE)

1270 CJCB **NS Sydney** - 9/27 0538 - Fair with WTJZ/WCBC with pop music, ID. (DS-DE)

1370 WPAZ **PA Pottstown** - 9/14 0602 - End of news and into local high school sports then pro sports report. At 0605 sign on info was given even though they were already on. Fair in a mess of others. (JB-CT)

1390 WTJSt **TN Jackson** - 8/31 0225 - Tentative logging with NOS and "AM 1390 WTJS". I guess 1390 is now a NOS channel with WFBL/WEOK/WHOT/WTJS!! (JK-VA) (The new *AM Log* shows WTJS as OLD, and operating 0600-0052. This would be a change of both format and schedule - db)

1470 WMMW **CT Meriden** - 9/26 0053-0106 - In strong with NOS over usual visitor CHOW ("See-How") with a commercial for the *Rip Tide Seafood Restaurant* on Route 16, and "Tell a friend about the great memories on Stardust 1470, WMMW". Doing well for CT #4 in VA and only 2.5 KW! (JK-VA)

1510 WSSH **MA Boston** - 9/26 0042 - In with EE sports talk, no longer SS. Over WLAC. Also heard 9/19 0123 with Stanford vs. Buffalo game? (JK-VA)

1520 WVOI **OH Toledo** - 8/31 0306 - In with usual UC. WWKB too strong to determine whether it was WJCM or WVOI. Also heard 9/26 at 0040, good with WWKB QRM, with "1520 WJCM" but no legal ID. (JK-VA)

1550 WRDM **CT Bloomfield** - 9/11 0428-0521 - Jamaican music and ads, not sure of call, ex-WLWX. (JEK-MD)

1580 WSRF? **FL Fort Lauderdale** - 9/5 0314+ - Bombing in, no sign of usuals WPGC/WVKO/CBJ, with ROK/ROK OLD and "103.5 WSHE-FM", along with mentions of a Boca Raton night club, hotline #407-368-3333, first time here. (JK-VA)

1590 WONX **IL Evanston** - 9/20 0100 - ID noted atop frequency, "Evanston-Chicago" then gone, not heard in years. (DS-DE)

1600 TO 2400 ELT

690 WPDQ FL Jacksonville - 9/18 2127 - Loud over CBF with Louisiana Tech playing a Carolina team "...on the mighty PDQ". Power not cut back. (JK-VA)

920 CJCH NS Halifax - 9/7 2155+ - Local ads and two clear IDs. Pretty early in the evening for them to get in here. (JEK-MD)

970 WJMX SC Florence - 9/7 2000-2007 - AP network news, "Pee Dee's News Talk 970, WJMX" (Pee Dee is the name of a river in that area). (JEK-MD)

1000 CFLP PQ Rimouski - 9/25 2357 - Strong mostly over WLUP with FF AC/OLD and "CFLP" musical ID shouted out very loud. (JK-VA)

1120 WUST DC Washington - 9/14 1859 - Good with SS REL and EE ID at 1900 "AM 1120 WUST, Washington". New here, power increase helping them out. (JK-VA)

1140 CJTR PQ Trois-Rivières - 9/17 1950 - Fair with EZL and FF talk in WRVA null. (BC-NH)

1190 WLBI NY New York - 9/14 1944 - Good with reggae music after WANN sign off. "This is WLBI, New York, then only black owned radio station in New York. WLBI operates with 10,000 watts with transmitter located in Lynnhurst, New Jersey. On behalf of the WLBI staff and management, we wish you a good night." (JK-VA)

1220 WKMT NC Kings Mountain - 9/21 2318 - Good, mostly over 50 kw WKNR, with GOS/REL programming. (JK-VA)

1260 WZBO NC Edenton - 9/10 2028+ - *Edenton Aces* football and *Edenton Motors* ad, ID on half-hour. 34 watts or overboard? (JEK-MD)

1270 CFGT PQ Alma - 9/7 2221 - Clear ID and French music. (JEK-MD)

1280 WHVR PA Hanover - 9/23 1930 - In many nights with mentions of Hanover, WHVR, etc. They must be doing something different since I have never heard them before. WADO mostly on top with SS. (JK-VA)

1310 WSSJ NJ Camden - 9/28 2232 - Good in Spanish with "Radio Trece-Diez Musical" IDs and tropical music. (BC-NH)

WDKD SC Kingtree - 9/10 1957-2020 - High school football vs. Hemingway. Dual ID with Lake City. First time heard in years. (JEK-MD)

1360 WWLG MD Baltimore - 9/6 - Local has become a pest at night. "WLG...Legends" ID. (JEK-MD)

1390 WEED NC Rocky Mount - 9/6 2245 - Legal ID with "Southern Gospel Radio" slogan. (JEK-MD)

WKLP WV Keyser - 9/6 2010+ - Good with Phillies-Cubs game. Clear ID at 2135. First time at night. (JEK-MD)

1400 WHITB MA Fall River - 9/19 1842 - Fair to poor with promo for "WSAR Under the Hood" auto service talk show, relaying WSAR-1480, in WLLH null. (BC-NH) (New AM Log shows the // on 1480, but not on 1400 - db)

WHMP MA Northampton - 9/26 1607 - Good with "The 1400 Team" ID and Red Sox baseball, in WLLH null. (BC-NH)

1410 KQV PA Pittsburgh - 9/17 2200 - Good with Bruce Williams on *Talkner*, weather, then "KQV's news watch continues with CNN Headline News". (BC-NH)

1420 CJMTt PQ Chicoutimi - 9/6 2045 - Probably this one with country music in French. Format change? (JEK-MD)

1450 WCUMt CT Bridgeport - 9/23 2317 - SS talk during good conditions to MA and CT, not sure who else this could be. (DB-DE)

WIZS NC Henderson - 9/24 2145 - CW in for over 30 minutes, finally heard ID at this time, more CW heard later. (DB-DE)

1500 WLQV MI Detroit - 9/26 2023 - Poor with weather and talk, under WTOP. (BC-NH)

1530 WDJZ CT Bridgeport - 9/19 1959 - Good with Portuguese program, suddenly disappeared with announcer cut-off, believed to have signed off without warning, leaving WCKY in clear. (BC-NH)

WJDM NJ Elizabeth - 9/19 1945 - Poor with signoff under WDJZ. (BC-NH)

1540 WPGR PA Philadelphia - 9/19 1900 - Good with oldies music and "Gator Gold 1540" ID, then *Anna* with psychic call-in show, over WPTR's *ESPN Sportsradio*. (BC-NH)

1570 CKLM PQ Montreal - 9/21 2305 - Fair with FF talk and mentions of Montreal. 1570 has a high signal QRM level here. (JK-VA)

1590 WETT MD Ocean City - 9/6 1931+ - Good with Orioles game. Maybe using non-directional antenna with tower problems reported earlier in DXN? While at the beach, noted they had a strong spur on 690. (JEK-MD)

530 TIS

DE - Run by DelDOT, located at Route 13 and Route 7 near Red Lion, only on weekends or when traffic is bad. (DS-DE)

1610 WNXP450

DE Wilmington - Is run by the Delaware Turnpike and is located at the I-295/I-95/I-495 northbound split, about 1½ miles from my house. (DS-DE)

1620 TIS

CT Windsor - Connecticut DOT, located at State Highway Garage off I-91 on Bloomfield Avenue across the highway from WKND-1480. This gets out well early AM's but non-existent daytime about 5 air miles away. Commuter ride sharing on continuous loop tape. (RM-CT)

1620 TIS

CT - 9/28 2125 - Connecticut Department of Transportation continuous loop with info on *Commuter's Register* and I-91. Not bad, since I couldn't hear this at the Enfield convention, my truck radio only tunes up to 1610! (BC-NH)

1630 8W108

9/28 2144 - Good with "8W108" code IDs repeated 5 times followed by 4 minutes of silence, then 5 CIDs again, etc. Is this what's called a "medfer"? (BC-NH) (I think this is more likely to be some type of navigational buoy, medfer IDs are more like initials or ham calls, as are lowfers. The *Top End* column in the September issue of *The Lowdown* (LWCA) includes a log of "8W208" on 1628 in the midst of about 60 such logs between 1620 and 1940 - db)

AM Station Map Book, 2nd ed.

\$8.00, postpaid.

Edited by DDXD editor Bill Hale, this book of station location maps is a companion to the *AM Radio Log*. Now easier to read than ever, the 170-page book is three-hole punched for a ring binder. Order from NRC Publications • Box 164 - Mannsville, NY 13661. NY orders, please add sales tax.

Put some fun into your DXing – enter a contest!

#1. CPC Log the most NRC or IRCA CPC tests. 1 point per station. Runs Oct. 1, 1993 to Mar. 31, 1994. Prize: \$5 certificate toward any NRC product or subscription.

#2. Alphabet Log calls in order: the last letter must run from A to Z. First alphabet run must be complete before second run will count. 1 point for each station. Runs Oct. 1, 1993 to Jan. 15, 1994. Prize: \$4 certificate.

#3. Alphabet Same as #2 except: Runs Jan. 16, 1994 to Mar. 31, 1994, and you cannot use any station in contest #3 used in #2. Prize: \$4 certificate.

#4. Ten-Day Spree Choose any ten (10) consecutive days during the month of October, 1993. Loggings count 1 point for a clear channel station, 2 points for a regional channel station, 3 points for a local channel station. You pick the days; loggings on all ten days not necessary. Prize: \$3 certificate.

#5 Same as #4 except during December 1993.

#6 Same as #4 except during January 1994.

#7 Same as #4 except during March 1994.

#8 Canadian Special (Canadian members only). Log U. S. stations only, but stations in any state bordering your province cannot count. A clear channel station counts 1 point, regional channel station counts 2 points, and a local channel station counts 3 points. Runs: Oct. 1, 1993 to Jan. 31, 1994. Prize: \$5 certificate.

General Rules: Entrants, please send a postcard of intent to enter. All correspondence goes to Ken Chatterton - P. O. Box 164 - Mannsville, NY 13661-0164 ten days after the closing date of that particular contest, or postmarked within seven days of closing. To count a station: list call, city, frequency, date, time of logging; plus enough material to ID station if asked.

International DX Digest

Foreign DX Catches. Times are UTC; for ELT, subtract 5 hrs.

Lots of station news from the Arctic Radio Club this week. It is interesting to see news of silent transmitters in Europe, not only in Eastern Europe (for financial reasons), but in Western Europe as well. Perhaps this is not so much financial as it is a sign of growth in FM listening patterns.

The Manitoba team is the first to record TA and TP receptions and wins this season's "Double Dip DX Award". This year's prize is a free cup of beach sand from Tahiti (travel fare, accomodations and food not included).

Jim

PAN-AMERICAN DX

530 TURKS & CAICOS R. Visión Cristiana, 8/30 0200-0205 - Good in Spanish and English, male DJ with ID at 0201 "This WWRV New York-1330 AM, Radio Visión" then woman speaking Spanish, into Spanish gospel music program, man speaking between selections. [RSR-ON] (This one is now off the air - Jim)

530 UNID 9/12 0316 - While I searched (too late) for Radio Visión Christiana I noted a beacon sending "F9" or "F --- •" I also noted this one while visiting Maine in August. Anyone know who this is? My old beacon list shows nothing like this, but maybe one of the Canadian beacons has changed its identification. [JR-NY]

555 ST. KITTS & NEVIS ZIZ, Basseterre, 8/30 0150-0224 - Fair in English with male preacher til 0200. Music interlude, no ID on the hour due to slop from 550 kHz, back at 0208 with oldies show. [RSR-ON] 10/3 0200 - With BBC World Service News, Call letters at 0210, and echoey "5-5-5 AM" (repeated), report on winner of "Battle of the Bands" on Anguilla; very strong, best ever. [JR-NY]

595 DOMINICA DBS, 10/3 0120 - Noted with fair/good signal, Caribbean music. [JR-NY]

770 COLOMBIA 9/26 0235 - Spanish, RCN and R. de Colombia IDs, another LA underneath. [BW-MB]

810t COLOMBIA 9/19 0145 - Poor in Spanish, mentions of Colombia, came up over CBS station. [BW-MB]

Jim Renfrew
61 Wilcox Street
Rochester, NY 14607-3832

880/890/900 CUBA R. Progreso, 9/26 0402 - Noted in parallel, playing "Star Hustler" whistle tune. I thought that 890 had moved from 900? [JR-NY]

895 ST. KITTS & NEVIS 10/3 0129 - Caribbean music and Carib-accent DJ, fair. [JR-NY]

930 CUBA R. Reloj, 9/26 0024 - Noted with the usual tick-tock. [JR-NY]

990 MEXICO XET 9/25 0730 - Spanish, mention of Monterrey. [BW-MB]

1000 COLOMBIA 10/3 0359 - 4 short pips and 1 long pip at 0359, then "American Pie", Hora de Colombia timecheck, then an emotional speech about something with lots of mentions of Colombia; Mexico's whistle ID also heard in the mess with WLUP. [JR-NY]

1060 CUBA R. Trinchera Antiimperialista, 9/26 0105 - Noted with soft music program, mentions of "música cubana" and no ads, poor in KYW null. [JR-NY]

1170 COLOMBIA 9/26 0250 - Spanish, CARACOL ID. [BW-MB] (Barry, you listed this as VENEZUELA, but CARACOL is Colombia - Jim)

1505t ANGUILLA 9/19 0031 - Strong with religion. Would have been a new station if I could have IDed it. [BW-MB]

1610 ANGUILLA Caribbean Beacon 9/29 0351 - Dr. Gene Scott noted with usual fare, but heavy interference from Philadelphia International Airport Travelers' Information Radio and Westchester County Travelers' Information Radio. [JR-NY]

TRANS-PACIFIC DX

702 AUSTRALIA 9/26 1145 - Audio with Australian accent. AT 1202 was parallel to 774 with ABC News. [BW-MB]

738t TAHITI 9/26 1203 - Tentative, weak, male announcer in French. 738 always produces the strongest hets and is leading indicator for TP openings, but very rarely produces any audio. Anybody on west coast have any better luck? [BW-MB]

738t AUSTRALIA 9/26 1218 - Tentative with English audio, very poor. Never heard English hear before. [BW-MB]

774 AUSTRALIA 9/19 1200 - No news at top of hour, choir singing, female announcer. 1205 could have been news or stock report. Strongest signal but never very good. Audio also noted on 702, 828 and 1035. 9/26 1130 - First frequency with audio this morning. Mentioned "live from Sydney". 1200 Radio Australia theme music, then ABC News. Played "God Save the Queen" during the news. Won't hear that again soon on Radio Australia, they just dumped the queen as head of state. Still good audio at 1227. [BW-MB]

828 AUSTRALIA 9/26 1210 - ABC ID, weather for Melbourne. ID as "Information and Entertainment ABC Regional Radio, the sound of Victoria, welcome to Sunday Matinee". [BW-MB] (A nice ID - Jim)

TRANS-ATLANTIC DX

531 & 558 UNIDs 9/11 032700330 - Poor-fair with nice hets on these two TA frequencies, no audio. [RSR-ON]

585 SPAIN RNE Madrid, 9/27 0545 - Good with instrumental music into talk with man and woman and R. Nacional ID at 0546. [ES-NJ]

666 UNID 9/13 0221-0226 - Fair with EZL piano music at 0221, noise and slop taking over at 0226. [RSR-ON]

675 FRANCE Marseilles, 9/28 0030 - Light classical music, man announcer in French, good on peaks. [ES-NJ]

684t SPAIN RNE1 Sevilla, 9/11 0334-0355 - Poor-fair in with woman speaking Spanish 0337-0339. Woman talks again 0339 into slop. Retune at 0352 with instrumental music in the slop til 0355. No ID heard, so tentative. [RSR-ON] 9/26 0100 - Excellent with man in Spanish. 9/27 0600 - Excellent with 6 pips at top of the hour then "Radio Nacional de España", into news. [ES-NJ]

693 AZORES Santa Barbara, 9/27 0520 - Fair with two men in Portuguese with discussion. [ES-NJ]

738 SPAIN RNE Barcelona, 9/27 0525 - Good with man and woman in discussion

in Spanish. [ES-NJ]

774 SPAIN RNE 9/27 0550 - Fair with man in Spanish, heavy WABC QRM. [ES-NJ] (Imagine if WABC was still a rocker! - Jim)

891 UNID 9/26 0123 - Very weak audio. Couldn't even ID language, in briefly then faded. Looking for never-heard Algeria. [BW-MB]

954 SPAIN Madrid, 9/27 0555 - Poor with man and woman in discussion. [ES-NJ]

1044 SPAIN/MOROCCO 9/28 0055 - San Sebastian and Sebaa Aioun at about equal levels. Spanish talk over/under Middle Eastern instrumental music. [ES-NJ]

1053 UNITED KINGDOM BBC Droitwich, 9/27 0530 - Good with man and woman with news in English. [ES-NJ]

1098t SLOVAKIA 9/19 0215 - Good signal at times, soft piano music and even softer female announcer. Couldn't even tell what language, suspect Nitra, Slovak Republic. 9/26 0105 - Nice audio, Vienna Waltz music. 0140 instrumental music with lots of strings, slow quiet music. 0147 female announcer and more instrumental music. 0200 time pips (4 short, 1 long), but a lightning static crash right at the crucial moment ruined the ID. [BW-MB]

1107 EGYPT 9/26 0042 - Arabic talk, Arabic music. Good level, faded at 0046, then back up a bit. [BW-MB]

1215 UNITED KINGDOM 9/26 0136 - Poor audio, in briefly with call-in program in English with a very British accent. [BW-MB]

1269 GERMANY 9/26 0103 - German, news, several mentions of Deutschland, then quiet music. [BW-MB]

1314 NORWAY 9/19 0220 - Produced decent audio at times, but didn't spend any time trying to ID it. 9/26 0105 - Presumed with good audio. [BW-MB]

1539 GERMANY 9/26 0059 - German, pop music, time pips at 0100 (3 short, 1 long), but couldn't get ID. [BW-MB]

Barry speaks: "Not bad - Europe, Australia, North America, South America, Africa - 5 continents in under 12 hours, still looking for Asia." (It's taken me 12 YEARS to hear four continents - Jim)

STATION NEWS

AUSTRIA: Vienna 1476 only 1600-2200. [BE in ARC 9/17/93]

CLANDESTINE: VO Iraqi Kurdistan 1615 0300-0500, 1400-1600. [BDXC in ARC 9/17/93]

ESTONIA: Since 9/1 ER has temporarily suspended all MW transmissions on 1035, 1215, 1332 and 1512. [Various sources, confirmed by OA in ARC 9/17/93]

GERMANY: Schwerin 576, Antenne Brandenburg 693, Berlin 1359, 1575 Burg are off the air. Langenberg 1593 only 1600 - s/off. [Bengt Ericsson in ARC 9/17/93]

KALININGRAD: The Bolshakovo site has been silent since 9/1, presumably due to unpaid bills. This affects a.o. 1143, 1215, 1386. [OA in ARC 9/17/93]

LITHUANIA: A visit at the Palanga site of the planned Baltic Radio International in mid-August showed no construction activity whatsoever. [BT in ARC 9/17/93] (Didn't I see some loggings of this one reported recently! - Jim)

MICRONESIA: V6AK 1593, Weno, 5 kW, is heard on this frequency (ex 1602) by Adrian Peterson, schedule 2000-1400. [Media Network via BE in ARC 9/17/93]

SWITZERLAND: Monte Ceneri 558 and Sarnen 1566 seem to be off the air. [BE in ARC 9/17/93]

UKRAINE: The Kopani MW transmitters have been silent since 9/1, presumably to save energy. This affects 972 and 1431. [OA in ARC 9/17/93]

UNITED KINGDOM: BBC R.1 on 1053 and 1089 sign off at 2305. [BE in ARC 9/17/93]

VENEZUELA: YVON R. Mundial Los Andes (ex R. Los Andes), according to identifications heard on 6010 kHz. [HK in Play DX in ARC 9/17/93] LV de Venezuela

The improved NRC AM Radio Log, 14th Edition, is the most accurate listing of AM radio stations in the U. S. and Canada, with cross reference listings. 3-hole punched for standard binders. Only \$16.95 to U. S. and Canadian members; \$19.95 to U. S. non-NRC member; \$20.95 Canadian non-NRC member. Airmail: to Latin America, \$21.00; Europe, \$24.00; rest of the world: \$28.00.

Order from: NRC Publications - Box 164 - Mannsville, NY 13661 (NY residents, please add sales tax)

1240 project definitely cancelled. [Wm. Gomez, in Radio Enlace 5/21 in ARC 9/17/93]

QSL INFORMATION

BAHAMAS: ZLS Stella Maris full data prepared card and personal letter from James Earl Zellner of FAÄ Miami, in 11 months for mint stamp. He says he complained about interference from Radio Visión on 530, and they have been forced from the air. [RSR-ON] (Now if we can only get Mr. Zellner to turn his attention to some of my locals! - Jim)

ST LUCIA: St. Lucia Broadcasting Corporation (PO Box 660, St. Lucia, W.I.) full data prepared card and partial data station QSL, in two weeks for a 11/92 follow-up report (\$1 enclosed), signed by Othneil Robinson, Manager/Engineer. My 30th country verified (out of 46 heard). [JR-NY]

PHILATELIC CORNER

Through club exchange, I receive newsletters from Australia, Italy, and Sweden with cancelled stamps. Anyone interested in stamps from any or all three countries please let me know. First-come, first served!

CONTRIBUTORS

- [JR-NY] Jim Renfrew, Rochester NY; Sony ICF-2010, HQ-180, Radio West Loop, Alpha Delta Sloper.
- [BW-MB] Barry Wasyluk with David McBride and George McLachlan DXing at Lewis MB; R-7, R-8, NRD 535, beverages.
- [RSR-ON] Robert S. Ross VE3JFC, London ON; Hammarlund SP-600, Collins 651S-1, Di-poles, longwires, homebrew diamond loop.
- [ES-NJ] Elliot Straus, Toms River NJ; R-390A, KIWA/Quantum Loops, MFJ-959B.

THE ANTENNA MASTER RANGE

MEDIUM WAVE ANTENNAS THAT MATCH ANY RECEIVER

ATL-2 An indoor, 30 inch square, Active Tuned Loop. Lightweight and collapsible, simple to use, good nulls. 50 to 2325kHz in five switched ranges. Excellent medium wave, with balanced tuning.

ALN-1 An outdoor Active Loop with desk top MW noise Nulling controls. Switched antenna, 100kHz-1.9MHz or 500kHz-7.5MHz. 20 metre circumference antenna, 30m feeder, fully balanced, quiet and sensitive. Erect almost anywhere for top class results.

PWN-1 A Passive Wire antenna with adjustable noise Nulling controls. Intended for use as a 10 metre counter-inductive helical-wound vertical antenna. 20m antenna wire. 30m feeder, switched 150kHz-2MHz or 1MHz-7.5MHz. Combats mains-bourne interference.

AM-1 The co-sited ALN-1/PWN-1/NPM-1 Antenna Master cardioid system. Will null **any** signal! NPM-1 the Notching and Phasing Mixer.

AM-2 Two spaced ALN-1/NPM-1 for simultaneous side and rear nulling.

AM-3 Two spaced PWN-1/NPM-1 for in-line nulling and cardioid.

All supplied with three receiver leads, lor- portables, terminals and receiver, your choice of - PL259, BNC, phono, 3.5mm, coax or car.

Enquiries PRICE/POST: ATL-2 £62 ALN-1 £64 PWN-1 £35 AM-1 £136
S.A.S.E. UK/WORLD: £4/£8 £5/£10 £4/£7 £8/£20

Drake R8: Encoder Shaft 'Static' Elimination ...

by Dallas Lankford

In his RDI white paper, Edition 2.0, review of the R8, Mague referred obliquely to the R8 encoder shaft static problem as follows. "If it wasn't grounded, the receiver might emit static sounds when the tuning knob was adjusted to a certain position -- hardly what you'd hope for in a fidelity-oriented receiver. However, most units manufactured in 1991, and all units manufactured since early January, 1992, have been upgraded to eliminate the need for grounding."

My R8 was purchased in July 1992, so presumably it was manufactured after January 1992. Yet my R8 had the static problem. Grounding my R8 reduced the intensity of the static, but did not eliminate the static. Assuming that somehow my R8 was not correctly manufactured, I returned it to Drake in September 1992 to have them fix the static problem and to do some other warranty work. I got my R8 back in exactly the same condition regarding the static with the following notations on the warranty work sheet. "Unit has new type encoder. No noises noted."

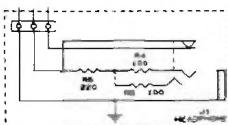

They were helpful enough to provide me with a clue as to the cause of the static, namely the encoder. So I removed the main tuning knob from the encoder shaft and fiddled with the shaft. Sure enough, by wiggling and rotating the shaft I could generate the "static" to my heart's content. Here perhaps I should add that the static is not observed without an antenna connected and the R8 tuned to a relatively weak signal with little background noise. Anyway, while I was fiddling with the encoder shaft I was reminded of a similar problem I had with my 2 foot air core amplified loop. About a year after I built my loop it started emitting static as the tuning knob was rotated. The cause of my loop static problem was traced to the two speed shaft of my Jackson Brother's planetary drive: it was not grounded properly. The JB shaft is heavily lubricated, and thus partially isolated from ground, depending on whether the shaft and/or bearings make good contact with the case. Since the shaft was attached to the main tuning capacitor (which was floated from ground because the loop is balanced) through a flexible insulated coupler, the JB shaft did not have a good ground. The solution there was to ground the JB shaft through a tension loaded ground contact (a thin automotive feeler gauge bolted to ground). I quickly verified that a similar solution worked for the R8. The R8 encoder shaft was not properly grounded!

Unfortunately, there is not enough space between the main tuning knob and encoder shaft bushing to install an automotive feeler gauge ground like I did for my loop. Then I was reminded of the 51J-4 KCS shaft tension washer assembly (clearly Collins didn't permit their PTO shaft to emit static). After considerable digging through my junk boxes I found two thin flat washers with 1/4 inch inside diameter, and an extremely thin bronze spacer (apparently from an R-390A RF deck gear shaft) which could be easily bent into a tension washer shape (convex). The 51J-4 tension washers have way too much tension and give the R8 tuning a definitely sluggish feel. You want to use a tension washer with as little tension as possible while maintaining a good electrical ground. With the tension washer sandwiched between the two thin flat washers, and the main tuning knob installed carefully to minimize tension, the encoder "static" was completely eliminated and the R8 tuning "feel" remained original.

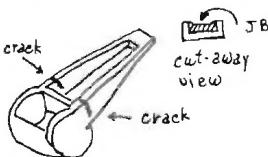

Drake R8: Low Headphone Volume and Broken Feet ...

by Dallas Lankford

I doubt I am the first R8 owner to be annoyed by the low headphone volume. I use Radio Shack lightweight mono headphones, #20-210A, rewired to a standard stereo plug. The mono headphones are rated 16 ohms, and, presumably, rewired in series each earphone is 32 ohms. So 8 ohm headphone users must get even lower headphone volume than I got. I removed the R8 front panel (1.5 mm and 2 mm Allen metric hex wrenches required), removed the nut which secures the R8 headphone jack and small attached PC board, unplugged the small PC board, and "Chinese puzzled" it out of the R8. Then I desoldered and removed R4, R5, and R6. Use ChemWik Lite 0.100 desoldering braid, the only desoldering braid which works. I replaced R6 with 47 ohms and R4 and R5 with 10 ohm, 1/4 watt resistors (Radio Shack). Depending on the type of headphones you use, some other resistor values may be optimal for you.

And I doubt I am the first R8 owner to have the tilt feet crack or break. Mine cracked as shown below. Getting a new pair of feet did not seem like a practical solution because they would probably crack too after a few months of use. So I tried filling the hollow space in the long "neck" with J-B Weld, which is available at many discount stores. I mixed about 1/3 of each of the two 1 ounce tubes ("STEEL" and "HARDENER") to have plenty of excess, and filled up the hollow spaces in the "necks" of the feet using a toothpick to dab in the thick mixture. If you put the mixture in the feet as soon as you mix it, the mixture will "flow" a little and will mostly level out, except at the edges where surface tension draws it up. I did not fill the spaces completely, maybe within about 1/32 inch of full. Any excess I got on the sides of the feet was easy to remove with toothpicks. When dry, the J-B Weld shrunk a little, which is good, because the back sides of the "necks" must clear the mounting screws. I let the J-B Weld harden for about 2 days before reinstalling the feet. So far, so good. Whether this is a long-term fix remains to be seen.

Bandscans

Eric Bueneman NØUIH

Audible stations from a DX'er's location at given times.

Hello once again, and welcome to another edition of BANDSCAN, where your scans are always welcome. A note to those submitting scans to this column; DO NOT SUBMIT YOUR BANDSCANS ON A COMPUTER DISK! I got a bandscan from Mark Connelly-WA1ION, forwarded by Paul, and tried it on my IBM PC, and the computer didn't recognize it. I was lucky to get the same scan on paper, which is presented below. Thanks for your support, and now, on to the scans.

LES LOCKLEAR - 1122 36th STREET - GULFPORT, MS 39501-7116

----- Hello from the Gulf of Mexico! This is my 1st MUSE so I believe an introduction is in order. I'm 50 years young and have been an SWL DXer since 1957. I'm getting back into RCB DXing after a long absence. Reception here is nothing short of excellent. My shack consists of a Drake RB, an SP600JX-14, a Hammarlund SPC10 converter, an R390A, KIWA Map Unit and a recently reconditioned SP600JX-26 in a rare cabinet. I have a large lot and my antennas are a dipole, a sloper, 2 LW's and a Radio West Loop. I restore 'hollow state' receivers for a hobby and am especially fond of Hammarlund equipment although I owned many Hallicrafters, Drake, National, Collins and others over the years. The ground noise is rapidly diminishing as DX season approaches, I'm eagerly looking forward to RCB DXing once again. My job with the US Gov't consists of shift work (I'm a boiler operator) so my listening times are quite varied. I'm hoping to be able to contribute some good loggings in the months to come. 73's and keep those filaments hot! (Welcome to the NRC, Les, and we look forward to your contributions and DX as it hits the wire! -DWS)

ELLIOT R. STRAUS - 980 COOPER DRIVE - TOWNS RIVER, NJ 08753

----- I really enjoyed the convention at Enfield and a big hand goes to RON MUSCO for setting up and coordinating the event. At one point, DAVE SCHMIDT walked up to me and handed me a veris from WYRE where he had just taken over the engineering and I was shocked to say the least! I had really wanted that one because they are only 250 watts and are a tough reception for me and they had just not answered any of my reports. Thanks again, Dave! Veris received over the summer are: the aforementioned WYRE, along with WPWE, WBIV, WTEZ, WHLD, WWCS, CJSB WGAM, CFJR, WCBG, WCLY, CFDR, WKYR & WLUP. Thanks for the info on WLUP to G. HARLEY DeLEUREERE, they answered in 10 days. Also my thanks to J D STEPHENS for giving me the name to obtain a veris from WARW. TA DX has been wild lately with almost every frequency yielding a carrier and about 25-30% of them with decent audio. I find that the KIWA loop is much better than the QUANTUM for nulling local signals and day-to-day US DXing but the QUANTUM loop for some reason is much better while I'm TA DXing! I've compared them constantly on TA nights and on no station is there a better signal on the KIWA no matter how much I fine tune it. I am able to use both and both of my wire antennas thanks to the purchase of an antenna switch from MFJ. I have all 4 antennas plugged into the switch then fed into the R390A so I can flip between antennas easily and the ones not in use are grounded. This has been a great addition to my shack. There are spots for 2 more antennas so I'll have to dream up something so I can have 6 to choose from. That's about it for now so best 73's to all from the BIG E! (Only those who have met ELLIOT know why he calls himself the BIG E! -DWS)

DOUGLAS E. SMITH - 14 BROOKSIDE COURT - NASHVILLE, TN 37209-4503 (W9WI/4)

----- A few random notes from a recent TX/LA trip. KGUL-1560 now features a 'Tejano' format, another station where the announcer switches from Spanish to English in mid-sentence. Slogan announced in English as "U-1560, Lavaca-Victoria". KCTA-1030 is loud all over S LA, even in the early afternoon, no wonder it's so widely heard in the S & Midwest on sunset skip. There is a TIS on the E side of Houston running a mix of municipal announcements and a relay of the Houston NOAA weather radio on 530. Also on 530 is a TIS at the New Orleans airport. One more 530 TIS was heard, at Table Rock Lake near Branson, MO. And finally on the TIS front, one on 1290 at League City, TX (I45 at the Galveston Co. line) had info on Galveston County tourist destinations, call sounded to be KTG-488. Beaumont needs a decent engineer. KLVI-560 was about 60khz wide and its 2nd harmonic on 1120 was easily audible even in Lake Charles, LA, some 30 miles away. KALO-1250 was even worse, 100-150khz wide at the TX/LA state line. In N AL, the ultra-low-modulation big that plagued WYOR-560 here in Nashville for so long has now invaded WKNI-620. Some Zydeco music was heard on KROT-960, announced in English, though an ad in Creole was heard on their FM! In Tyler, TX, 1490 (calls? I list KYZS but I think that's wrong) relays "Region 56" news from KETK-TV Jacksonville. KHYM-1060 had a dead carrier on much of my visit but did modulate it with religious programming as I left. KEEE-1230 was running a tape loop inviting listeners to KFSA-860 for their old talk programming and promising a new format on 1230. KWTO-560 has a HUGE billboard on US65 just S of town, it says "Keep Watching The Ozarks" which was kind of hard to do at the time due to heavy rain! The sign also indicated the stations format was country, no longer true, it's all talk! KYMO-1080 now relays their FM 105.3. Finally, WCRV-640 gets out very well, excellent signal in W Plains, MO. Even logged (a little) DX!

STEVE FRANCIS - 1620 LODGE STREET - ALCOA, TN 37701

----- Good to see all those DX TESTs on the schedule this early in the season. No definite log of WEAM-1580 here, much segued black gospel music under WPCC but no IDs that I heard. I've gotten 3 more frequencies into the double-digit club since last years KHAC-NM TEST (#10 on 880) for a total of 105, but there is no way on the remaining 2. Radio Paradise last fall was the 10th on 830, and a Cuban troll that blots out NLS just about nightly was 890 #10 when 1st heard in April. That leaves 650 & 700 with 6 each. Even the breakup of the clears these past 11 years hasn't touched these 2, they remain the only frequencies where I've heard just 1 US station. A little DX during the spring & summer made it here: XEMON-1370 heard 4/16 at 2AM sign off with choral national anthem under WSFD/WDEF Some rare sunset skip from PA on 4/21 with WBZY-1200 alone at 8PM ID then vanished at power/pattern change. Usual WSML was oddly absent and WOAI was not in yet. On 7/10 Radio Vision Cristiana-530 loud & clear at 2AM with the same details as reported by others. That same morn, XEAR-530 fair but alone after WFAN fade out with ranchera & 'La Mexicana' jingle after each song for Mexico #67 here. WFAN was gone after 5:40AM and XEAR was still audible at times after WESC 6AM sign-on. 73

BRUCE REYNOLDS - 1617 CORTE DE MEDEA - SAN JOSE, CA 95124

----- Greetings. Lots of things happening on the local radio scene. On the night of 9/1, I noted KKIS-990 off and was able to get CBW in the null of XECL. CBW went off at 11:06PM. Then I had 2 very weak signal occasionally in XECL's null, one with CW, one with religion, presumably KRKT & KRKS, but I couldn't ID either. XECL went off at midnight, but KKIS started testing and I was sleepy so I turned in. To my surprise, KKIS was still off when I got up the next morning, but nothing was heard except XECL's 6AM sign-on and unneeded KOSS. KKIS was back by mid-day but separated from their FM and promos with the calls "KATD, Contra Costa's Cat". The format is what in the old days would be called MoR (soft rock with an occasional country crossover tune). At that time, they were still giving their legal ID as KKIS, but when I checked on 9/9, the legal ID was KATD. Also, as noted in DX NEWS, KFRC-610 has switched from nostalgia to rock oldies. There were press reports that KKHI-1550 would take up the old KFRC format but instead KABL-960 went to "hits of the 40s, 50s & 60s". KFSO-560 has responded to teh competition from KFRC by dropping oldies as of 9/15 for a mix of local & network talkers including Liddy, King, Williams & Bohannon. As reported earlier KTUE-600 has gone to CNN Headline news with the 'KNR' logo but no call change. KTMU-800 apparently dropped rock for all news as heard with CNN on the evening of 9/7. New catches include: 8/22 CJCA-930 5:22AM, 8/26 KCVR-1570 finally IDed at 7PM, XEKT-1280 at 9:34PM & KINK-620 (ex-KGW) at 10PM, 9/8 KDAC-1230 at 6:31AM. In football, it's CA on KGO, Stanford on KFRC, San Jose State on KLIV & UCLA on KKHI.

DAVE SCHMIDT - P O BOX 11502 - WILMINGTON, DE 19850

----- Fellow reporters and those thinking of reporting.....PLEASE try to remember to DOUBLE SPACE your reports.....it really, really helps my poor tired eyeballs, especially the computer print with a light ribbon that is jammed tight together and single spaced.....stock in Visine should be going up REAL soon! Also, your radio doings are very welcomed in this column anytime, be it you've visited a station, work at a station, DX items, anything radio related that may be of interest to your fellow DX NEWS'ERS. Hope all have taken advantage of the great conditions of late, I've got to find some more electrical noise problems that have cropped up recently and I've now got a few pieces of equipment that will really help in sniffing that out. That's it....CUNN! REPORT! *(Signature)*

The NRC is growing - and you can help.

More members in the NRC means a larger DX News ... and more features and services for all members. You can help your club grow: just send the names and addresses of potential club members to the NRC - P. O. Box 5711 - Topeka, KS 66605 and we'll send them a current copy of DX News. Spread the word - the National Radio Club is on the grow!

PROBLEMS, PROBLEMS?

We can't solve all your woes, but we can solve your DX News problems. Torn, soiled, partially-printed, MIA, or worst of all, delivered in a USPS plastic baggie? No need to return the copy - just send a postcard to NRC - 2840 SE Illinois Ave. - Topeka, KS 66605, and a replacement copy will be mailed free. Missing back issue? Replacement copies from Vol. 56 on, to current NRC members only, are sent for the cost of first-class postage (29¢ for a 24-pager, 52¢ for a 48-pager). Quantities of 24 may be sent book rate for \$1.48. See? No problem!
